

# THE ANTIQUE STUDEBAKER CLUB, INC.

The Antique Studebaker Club was founded in 1971 by William A. (Bill) Cannon and has as its goals the promotion, acquisition, and preservation of Studebaker vehicles. The club covers cars, trucks, carriages and wagons from 1852 through 1946. Because of their carry-over design, 1947 and 1948 M-Series trucks are included.

The club's official publication is the *Antique Studebaker Review*. It is issued six times a year and features interesting articles, abundant photographs, restoration information, meet reports, Studebaker history and an advertising section free to ASC members.

The club holds national and regional meets, driving tours and informal gatherings at various venues around the country. The club's website can be accessed at:
